

MAJESKI MACHINE CORP. -- SPECIALITY PROCESSES *

988 SPRUCE STREET TRENTON, NEW JERSEY 08638

[609-393-0593](tel:609-393-0593) www.majeskimachine.homestead.com

Machining Processes

3-Axis Machining *

Abrasive Machining

Boring *

Broaching

Carbide Tooling

Ceramics Machining

Composites Machining

Die Making

Drilling / Holemaking *

EDM - Electrode Making

EDM - Sinker

EDM - Small Hole

EDM - Wire

Gear Making

General Machining *

Grinding - Rotary Surface *

Grinding - Contour

Grinding - ID / OD

Grinding - Jig

Grinding - Threads

Gundrilling

Honing

Lapping

Laser Machining

CNC Milling *

Mold Making *

Photochemical Machining

Plasma Cutting *

Plastics Machining

Powder Metal Machining

Precision Machining *

Sewing

Screw Machine Work

Shafts, Pins, Bushings

Special Alloys Work

Tapping / Threading *

Thermal Cutting

Toolmaking / Repair

Turning *

Waterjet Machining

Production Processes

Anodizing / Passivating

Assembly

Cell Manufacturing

Die Casting

Electroforming

Engraving - Laser

Engraving - Metal *

Etching

Finishing / Polishing

Heat Treating

Jigs & Fixtures

Mold Repair *

Painting

Plastic Injection Molding

Plating / Coating

Production - Long Run

Production - Short Run *

Prototyping *

QC Inspection, Measuring, Gaging

Roll Forming

Sheet Metal Fabrication

Sintering

Special Machines Mfr.

Springs / Wireforming

Sterolithography

Surface Treating

Thermoforming

Welding / Weldments

Metalforming Processes

Bending

Deep Drawing

Forging & Heading

Punching

Shearing

Stamping & Blanking

Stamping: 4-slide

Stamping: Med / High Volume

Stamping - Short Run
